Here And There

News Collected At Random

A venerable and distinguished

servant of God has passed away. Gettysburg born and Gettysburg bred, Rev. Fr. Mark E. Stock, who chose his own parish to serve his Master, and his people, has passed to his eternal reward. Death, as it does to all men, came to the beloved Catholic priest shortly before noon on Tuesday in a Lancaster hospital.

The last rites of the Catholic church had been administered to the ailing priest on Monday. For several days he had been losing strength. The end seemed imminent. Priests, nuns and laymen prayed fervently. Quietly he passed away.

Within the immediate limits of the local church he had so faithfully and devotedly served as spiritual advisor for almost 30 years and into the realm of those of other faiths, the news of his passing was received with profound sorrow.

Father Stock was friend and confessor to many. He was graced with an abundance of religious fervor, a jovial and genial personality, an aptitude for making friends in all walks of life and a deep sense of appreciation for those who served their church, their community, their state and their nation. In the higher brackets of worldly affairs he had a host of friends as well as in the circles of those much less fortunate, financially and otherwise.

He had an abiding faith in children and one of his favorite pleasures was to visit his parochial school and mingle with the youngsters who reverently worshipped and loved the man who was their priest and their friend.

For many years Father Stock participated in the deliberations of the higher councils of his church and he served it in many offices during his lifetime. No other priest in the Harrisburg diocese served his own parish as long as Father Stock served his.

In his own community the deceased priest always took an active interest in its welfare and progress and his counsel and advice were sought by many.

Father Stock's death is a distinct loss to Gettysburg and to his church. He will always be missed by a great many of his parishioners who will forever remember his unswerving devotion not only to his God but to the parish he loved into his death.

PRIESTS' CHOIR TO SING AT MASS FOR FR. STOCK

The priests' choir of the Harrisburg diocese will sing for the Pontifical high requiem mass for the late Rev. Fr. Mark E. Stock at 10:30 o'clock Saturday morning in St. Francis Xavier's Catholic church. Bishop George L. Leach, of the Harrisburg diocese, will be the celebrant. Rev. Fr. Stock died at 11:45 o'clock Tuesday morning in St. Joseph's hospital, Lancaster. He had served as the local pastor for almost 30 years.

In addition to his pastorates and other activities announced Tuesday, Father Stock at one time served as an assistant pastor at St. Mary's Catholic church, Harrisburg, and St. Joseph's church, Hanover. He studied at Catholic university upon returning to the U.S. after having served as a chaplain overseas in World War I. In May 1940 he was appointed as a synodal judge of the matrimonial curia of the Harrisburg diocese.

Active In Legion

He organized the Holy Name society here, was active in the Knights of Columbus and was for many years, until his illness, spiritual advisor of the local K. of C. council. He was also one of the early active members of the Albert J. Lentz post of the American Legion. He was active in promoting the two local councils of the Pennsylvania Catholic Beneficial League and served a term as spiritual advisor for the state organization.

Dr. Hanson Pays Fine Tribute To Late Fr. M. E. Stock

Dr. Henry W. A. Hanson, president of Gettysburg college, today paid the following tribute to the memory of the late Rev. Fr. Mark E. Stock, who for more than 29 years was pastor of St. Francis Xavier's Catholic church, and who died in Lancaster Tuesday:

"Our community has lost a beloved citizen in the death of Father Mark E. Stock.

"Father Stock endeavored himself to all of us by his thoughtfulness, consideration and eagerness to cooperate in everything that had to do with the betterment of our community.

"Complete Cooperation"

"During the war years, when the campus of Gettysburg college received a military contingent, I was greatly concerned about the religious care of the trainees. I approached Father Stock on the subject of the considerable number of Catholic students among the trainees and requested him to serve as their chaplain. During the entire war, with enthusiasm and often at personal sacrifice, Father Stock devoted himself to the spiritual care of his charges. His cooperation with the college was complete.

"The wealth of a community is not in its buildings or streets but, rather, in the lives of those devoted citizens who contribute, day by day, toward its well-being. I am happy to make this expression as it reflects the very warm regard which I cherish for one who has always been a devoted friend."

DR. RASMUSSEN SOROPTIMISTS' PARTY SPEAKER

"The Recovery of American's Conventions" was the theme of a talk Tuesday evening by Dr. Carl C. Rasmussen, professor of systematic theology at the Gettysburg Lutheran Theological seminary, at a dinner meeting held by the Soroptimist club of Gettysburg at the Hotel Gettysburg in observance of the club's 13th birthday anniversary.

In his talk, Doctor Rasmussen urged "all to a daily dedication for the recovery of the great, safe and good things which mean the American way of our forefathers."

Observing that "we are privileged to live in a land founded by men and women with such great convictions which made America a great country," Doctor Rasmussen said, "We live in an age where many persons have given up the convictions of our forefathers, they have given up belief in God and that most precious right, that of worshiping God according to one's own conscience. Many people today no longer believe in God or in people, and hence dictatorships are forced by people who have no confidence in the government of man."

"Begin At Home"

Stating "the fruits of the failure of the elders is reaped in the next generation," Doctor Rasmussen stated, "The rising generation is losing its moral bearings."

The seminary professor concluded: "There is only one thing under heaven that can overcome a bad conviction and that is a good conviction. A set of bad convictions held tightly is mightier than a set of good convictions held halfheartedly. If we are eager for recovery, the place to begin is in our own hearts and homes."

Burgess William G. Weaver was toastmaster for the dinner. The in- (Continued on Page 3)

Odd Fellows Hear Hanover Postmaster

Claude O. Meckley, Hanover postmaster, was the speaker Tuesday evening at an entertainment held by Gettysburg lodge No. 124, Independent Order of Odd Fellows, at the Odd Fellows temple, Chambersburg street, following the regular business meeting. Postmaster Meckley was introduced by John D. Settle, a past grand of the local lodge.

Meckley spoke of the principle of brotherhood, urging the members to "practice their fraternal teachings outside the lodge halls." He expressed the belief that "ultimately the universal brotherhood of man will be an accomplished fact."

Much of his talk was devoted to developing the idea that "it is the Thanksgiving spirit that must be practiced, rather than the feasting and celebrations with no thought of the source of our blessings." A family Christmas party will be held by the Odd Fellows December 11, with a Christmas tree and Santa Claus featured. Refreshments were served following Tuesday's meeting.

Three Hunters Fined; Two Others Charged

Charges were laid Tuesday against five hunters for trespassing on posted land. Three of them paid fines of \$5 each and costs to Justice of the Peace John H. Baseore Tuesday night. Ten-day notices will be sent to the others by Justice of the Peace Robert P. Snyder.

Sidney H. Hall and Charles L. Hall, both of Lancaster county, were charged before Squire Snyder by Lloyd Brantner, Gettysburg R. 2, with hunting on Brantner's posted property after being warned off on November 24. They will receive the ten-day notices.

Melvin Miller, Fred Taylor and Waybright Black, all of Biglerville R. D., were fined \$5 and costs each by Squire Baseore for trespassing on the posted land of Royston B. Griffin, Gettysburg R. 5, on November 21.

PREXY ADVANCES PLAN TO SOLVE ATHLETIC FUSS

Dr. Henry W. A. Hanson, president of Gettysburg college, challenged the representatives to the annual Middle Atlantic States Collegiate Athletic conference meeting at the opening luncheon, Tuesday noon at Hotel Gettysburg, "to find a solution to the present intercollegiate athletic middle."

Speaking from his observation as president of Gettysburg college for 28 years, Dr. Hanson gave the group a four point program which he believes will "solve the present ills."

"We've got to take athletics back to the campus. The time has come when we've got to link all athletics with college enthusiasm. Athletics can not be operated by people who know little about the campus."

Use Faculty Coaches

"We must make the athletic program part of the educational program," Dr. Hanson said. "The coaches must be members of the college faculty and we must operate sports for the students."

"Put fellowship into intercollegiate athletics. Athletics are the greatest builders of good will and fellowship among kindred institutions."

"Let's give our alumni an honest picture of what athletics are actually building, and not a false impression," he declared.

Dr. Leroy Mercer, Haverford, a graduate of Gettysburg college, introduced Dr. Hanson. Charles Havens, athletic director and football coach of Western Maryland, president of the MASCAC, served as toastmaster.

Police Are Probing Mysterious Blast

A "mystery" explosion which shook windows in Gettysburg about 10:25 o'clock Tuesday night and alarmed residents of the north end of town was under investigation by borough police today.

Police said they traced the explosion Tuesday night to the vicinity of the new chapel at Gettysburg college. They said the blast was followed by considerable smoke and a smell which indicated that it might have been a dynamite blast.

TRUCKER FINED \$50

Bruce D. Holt, Puslinch, Ontario, Canada, a truck driver, was fined \$50 and costs Tuesday afternoon by Justice of the Peace Robert P. Snyder on an overweight charge. He was arrested by state police of the Gettysburg substitution.

General Willoughby Charges 5 Reporters With Biased Writing

Major General Charles A. Willoughby, chief of intelligence to General MacArthur and graduate of Gettysburg college, today charged five prominent newspapermen with "inaccurate, biased, and petulant" reporting of the fighting in Korea and "giving aid and comfort to the enemy."

General Willoughby directly charged Hal Boyle of the Associated Press, Hanson Baldwin of the New York Times, syndicated writer Drew Pearson, and Homer Bigart and Joseph Alsop of the New York Herald-Tribune with "confusing an unhappy public" and "a marked tendency to smear General MacArthur."

Called Exaggerations

Writing in the December issue of Cosmopolitan magazine, the general points out that "the typewriter attack from the rear can sometimes be worse than the enemy." These rhapsodies of modern literature "thrive on sensational exaggerations." MacArthur's intelligence chief acknowledges that there are notable exceptions among American news-

Chinese Play Volley Ball In Full View Of Yankees; Enemy Abandons 18-Month Blackout

Seoul, Korea, Nov. 28 (AP)—Field dispatches based on Allied officers reports said ground fighting in Korea came to a complete stop today, with only the official announcement lacking to proclaim a cease-fire.

Troops of the United Nations, last night and early today, received orders not to fire at the enemy unless he attacked, field dispatches said.

By mid-afternoon, apparently well aware of the gentlemen's agreement Chinese soldiers played volley ball in full view of non-shooting American troops.

Red Blackout Is Lifted

When darkness fell, the Reds abandoned their 18-month blackout and the twinkling of Communist bonfires and the glow of cigarettes marked out the silent 145-mile front.

AP Correspondent Milo Farneti reported from the western front that he had seen an order from U.S. Eighth Army headquarters to stop fighting.

Eighth Army headquarters denied that it issued the order. Farneti said the Allies stopped fighting immediately the order was received.

Only a few rounds of Red artillery, possibly from uninformed gunners, broke the unnatural stillness.

Patrols Roam Along Front

Patrols roamed the quiet front under orders to take no offensive action. And in many cases they made no contact.

The Eighth Army issued a warning statement that said "There is as of this date, 28 November, 1951, no cease-fire in Korea."

This statement was directly counter to the facts of the front — facts known to tens of thousands of soldiers and to scores of war correspondents at the front and at headquarters.

The facts were that for the time being, unless the Communists attack, there is ground truce along the front that amounts to a cessation of hostilities on the ground.

Scribe Says He Saw Order

AP Correspondent Milo Farneti on the western front said he saw the order and that it came from U.S. Eighth Army headquarters.

Farneti quoted a U.S. Third division officer that Allied ground forces have stopped shooting at the Communists "for all practical purposes."

Advance New Plan For State District

Adams county will be placed in a "shoestring" congressional district with eight other counties if a proposed new re-apportionment bill before the state Senate today is adopted.

The bill, introduced without administration backing by Senator John M. Walker, Republican floor leader, would put Adams in the same district with Franklin, Union, Snyder, Juniata, Perry, Cumberland, Huntingdon and Mifflin counties.

At the present time Adams, York and Franklin counties comprise the 21st congressional district.

DONATE BOOKS FOR LIBRARY

Seven books have been recently donated to the Adams County Free Library, East High street, by the local chapter of the Women of the Moose. It was announced at a meeting of the organization Tuesday evening at the Moose Home, York street. TO DEMONSTRATE RADIO

Gettysburg's firemen will give a demonstration of the use of their radio equipment this evening at the regular sessions of the Public Service Institute on probation and penal institutions. The class will begin at the fire house at 7:30 o'clock. A fire truck will be dispatched from the engine house to demonstrate use of the radio equipment.

AUTHOR URGES DISCIPLINE BY U.S. NEWSPAPERS

American newspaper editors and publishers should discipline themselves and their newspapers and other media of communications if they would avoid state controls or a blind censorship which could lead to a ban on any criticism of the acts of the state itself, John Scott, author and former foreign correspondent of Time magazine, told students of Gettysburg college in Brua chapel this morning.

"One of the basic problems of the communications industry," Mr. Scott said, "is the division between authority and responsibility. Who is to say what is to be printed? The American people have voted in recent years for candidates who have imposed increasing restrictions on private business. On the other hand very few restrictions have been imposed on the spread of information."

Editorial Responsibility

"This imposes a great responsibility on the editors of newspapers and magazines. What are we going to do about it? The doctors have the American Medical Association, the lawyers the bar association and the movies the Hays committee, which controls the ethics of these professions. So far there has been no attempt by the newspaper profession to regulate itself."

"Certain restrictions have been placed by government. No reasonable person can find fault with the restrictions on publication of secrets of the Atomic Energy Commission, but the constitutional privilege of (Continued on Page 3)

Paris, Nov. 28 (AP)—The United States was reported today to be urging other United Nations members to send more troops to Korea so more war-weary GIs can be sent home. The appeal was said to be directed particularly to countries which have not sent soldiers, planes or ships to the war front.

Informed U.N. sources said details of the reported request are being handled in Washington, but there is no mistake that the United States feels there should be more troops from other U.N. countries in Korea.

A truck owned by the Julius M. House, York, and operated by Emory Trimmer, York, crashed into two trees in front of the Feiler funeral home, New Oxford, at 4:30 o'clock Monday afternoon. Trimmer suffered shock and minor cuts. The truck was demolished.

MUST REGISTER

Harrisburg, Nov. 28 (AP)—The state Selective Service board has renewed a warning that all 18-year olds must register for the draft within five days after reaching their 18th birthday.

"Many youths in Pennsylvania are placing themselves in jeopardy either unwittingly or because of an I-think-I-can-get-away-with-it attitude," Henry M. Gross, state draft director, said in a statement yesterday.

U. S. Fifth Air Force Headquarters, Korea, Nov. 28 (AP)—A World War II vet from Louisiana Tuesday became America's fourth jet ace. Maj. Richard D. Creighton, an F-86 Sabre jet pilot of the Fourth Fighter Interceptor Wing, knocked down one of four Communist MIG-15s destroyed in a fight in MIG Alley for his fifth kill of the Korean fighting. A pilot who shoots down five enemy planes wins ace rating and the right to go home. Creighton's home is in Baton Rouge.

Fort Worth, Tex., Nov. 28 (AP)—Three men guided a crippled B-36 bomber to a safe landing on Monday after circling the field 6½ hours attempting to repair a damaged landing gear. All except the three members of the 19-man crew parachuted before the giant plane came down.

The 28-year-old pilot said a steady rain helped him land the plane safely. "But someone else was pulling for us, too, I think," added Capt. Clarence F. Horton of San Antonio.

Cincinnati, Nov. 28 (AP)—Chalk up one more surprising result of today's unsettled conditions: Calendar featuring pretty girls are getting the go-by.

U. Gordon Colson, president of an Illinois calendar manufacturing firm, explained it this way: "x x x today we are getting more demand for calendars with religious and patriotic pictures. In these extremely troubled times, when we don't know what will happen next, people are begging to feel the need of faith—faith in God and in country."

LOOK FOR WAYS TO SAVE MONEY

Harrisburg, Nov. 28 (AP)—Senate Republicans decided today to look for places to "save some money" in the commonwealth's \$1,220,000,000 budget.

Sen. James S. Berger (R-Fetter) chairman of the Senate GOP caucus told reporters after a closed door session that the senators went over the tax situation "as a sort of review" without reaching any definite decisions. "Now we are going to see where we can save some money," Berger said.

He said when the economy survey is completed, the senators would return to the tax program and see what new revenue is needed. He said that tentative approval was given one House measure plugging loopholes in existing taxes.

The Republican senators went into the tax situation after a new plea by Governor John S. Fine for additional tax revenues to finance the state government for the next two years. Further delays in enacting a tax program, said Fine, could result in the necessity for the 1953 Legislature to raise \$200,000,000 in new taxes.

Says Federal Taxes Near Confiscation

Philadelphia, Nov. 28 (AP)—Taxes now approach true confiscation, Dr. Milton S. Eisenhower, president of Pennsylvania State College, declared yesterday.

"There is now developing a taxpayer's revolt against federal expenditures which are felt first at the local level, the time is coming when the taxpayer will say, 'I don't want to pay this kind of nonsense,'" Dr. Eisenhower said.

Speaking to 500 persons at a convention of the Inter-State Milk Producers' Cooperative association, the college president said that "sky-rocketing" federal expenditures must be cut.

Dr. Eisenhower traced the wage-price spiral through labor's antagonism toward wage controls and the businessman's reluctance to accept price controls. He told representatives of 7,000 dairy farmers in Pennsylvania, New Jersey, Delaware and Maryland the farmer's insistence on receiving parity adds to the mounting inflation.

Bullet Cagers Will Meet Ursinus In Opener At York

Gettysburg college's basketball team will inaugurate its 1951-52 campaign Thursday evening when it clashes with Ursinus in the first game of a basketball doubleheader on the York Junior college floor, York, as part of the fifth annual Sports Night sponsored by the Mu Eta Kappa fraternity.

Following the Gettysburg-Ursinus game, which starts at 7:15 o'clock, Franklin and Marshall will meet Delaware. Proceeds from the twin bill will go to the York County Heart Fund drive.

Coach "Hen" Bream, who will be honored during the half-time intermission of the second game, sent his Bullets against Shippensburg State Teachers' college in a scrimmage here Tuesday afternoon. The locals outscored their opponents handsily but showed they are not yet ready for 40 minutes of action and Coach Bream indicated he will probably use his entire 15-man squad against the Bears.

Vets Will Start
Probable starters for the Bullets will include Warren Watson, 6-3, and George Hare, 6-1, forwards; Tom Ketterman, 6-3, center; Bob Pizolato, 5-11, and Milan Resanovich, 6-11, guards. All are lettermen. Gene Coder, 6-3, center, is not yet ready due to just having reported following the football season.

Another unit will include Jack Keller, 6-3, and Dale Klinefelter, 6-1, forwards; Les Eckman, 6-5, center; Joe Lange, 5-11, and Johnny Habeeb, 5-10, guards. Eckman is a freshman from Coatesville.

Rounding out the squad to make the trip and sure to break into the lineup are Johnny Clark, 6; Don Addicks, 6-5; Ned Brownley, 5-10, and Sam Shaulis, 5-10.

One of the big problems for the Bullets will be halting Bob Swett, 6-8, Bear center, who averaged 15.1 points per game last year. Dave Reice, 5-8, is captain of the Bears and its sparkplug sophomore Herb Knoll, 6, is outstanding.

Other Features
A banquet for all teams will be held at 4:45 p.m. Thursday at the Pine Tree Inn.
"Jocko" Collins, Philadelphia, a well-known cage official and scout for the Phillies baseball team, will speak at the dinner and will officiate in the second game.

Another feature of the evening's program will be an exhibition by Miss Alta M. Burg, Red Lion, national baton-twirling champion.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Nov. 28 (AP)—Ray Dumont, the guy with a gimmick in baseball, is taking a chance on blowing \$132,000 of National Baseball Congress dough—but not a very big chance. . . . Ray's latest stunt was to mail 12,000 gift certificates, each good for eleven tickets to the NBC tournament, to Wichita, Kas., business firms. . . . The idea is that the recipient will be so pleased to have some Christmas gift problems solved that he'll eventually send in the money. . . . Embarrassing moment: Before the Cleveland-Syracuse hockey game a week ago, Jerry Reid of the Cleveland Barons was presented a trophy for gentlemanly conduct. A few minutes later he tangled with Sammy Casanto and received a five-minute penalty, one minute more than he received all last season. . . . P. S.: The league already had decided to discontinue the award.

IT'S SO SIMPLE

Art (Pappy) Lewis, the West Virginia U. football coach, was emitting a few private moans recently about the platoon system. . . . Lewis' theory was that it penalized a small school like his, which suffers a perennial lack of "depth" on the squad. . . . As a climax, the earnest Pappy asked dramatically: "What would you do about it?" . . . His boss, Legs Hawley, who pays those two-platoon bills, took it all in until he heard that question. Then he drawled: "Stop sending them in."

ONE-MINUTE SPORTS PAGE

Tip from the Midwest: "Don't pay attention to those magazine polls; just watch Notre Dame in basketball." . . . Reports that Schoolboy Rowe would join his old roomie, Charley Gehring, as a coach with the Tigers apparently were premature. Seems the brass decided Schoelle could do Detroit more good by sticking to his job as Williamsport, Pa., manager. . . . A prominent baseball executive will swap you a Christmas fruit cake for a busted bat, even up, that Eddie Yost will be the Red Sox third baseman opening day of 1952. . . .

New York, Dec. 28 (AP)—C. V. Whitney's Counterpoint was unanimously voted the American champion race horse and 1951 three-year-old champion colt today by 19 secretaries representing Thoroughbred Racing Association tracks throughout the country.

The chestnut son of County Fleet-Jabot, winner over Hill Prince in two sensational New York races this fall, was retired for the season after beating Hall of Fame in the Empire City Handicap. The colt suffered a slight crack in the hoof, but has recovered and now is in California awaiting the opening of the Santa Anita meeting late next month.

A total of 36 votes were cast, one for each TRA track operating. The secretary-handicappers also gave unanimous votes to Mrs. Elizabeth Arden Graham's Rose Jew, champion two-year-old filly, and Mrs. Ogden Phipps' Oedipus, steeplechase champion. Oedipus was 1950 champion jumper.

CLEMSON AND MIAMI CLASH IN GATOR BOWL

Jacksonville, Fla., Nov. 28 (AP)—The Clemson Tigers and the Miami Hurricanes will renew their post-season football rivalry in the Gator Bowl here New Year's Day.

Clemson defeated Miami, 15-14, in the Orange Bowl at Miami last January 1.

Selection of the South Carolina college to oppose the south Florida school was announced Tuesday by President Sam Wolfson of the Gator Bowl association. Wolfson said Clemson officials decided to come here for the seventh Gator Bowl game despite Southern conference disapproval.

At Clemson, Dr. Lee Milford, faculty chairman of athletics, said, "This is the first time in the history of the Southern conference that a member institution has been denied this privilege."

"I have discussed this with our president, Dr. R. P. Poole, who in turn has consulted every member of the college board of trustees, and upon our recommendation they have given their hearty approval of our accepting the bowl bid."

"Our acceptance of this bowl bid, which has not met the approval of the Southern conference, is not intended in any way to be a defiance of the action of the Southern conference," Dr. Milford said.

Maryland, which will meet Kentucky in the Sugar Bowl at New Orleans, also will play without Southern conference sanction.

PATH CLEARED FOR ANOTHER MAJOR LEAGUE

New York, Nov. 28 (AP)—The path was cleared today for the birth of another major league baseball team. At the same time, the door was closed to any individual city wishing to crash the big leagues.

A new method of application for major league status was recommended by the major league executive council. The recommendation came as the council acted on a proposal made by the special committee named to study the Pacific Coast league's request for a change in classification.

It specifies that applications can be made only by a group of eight clubs mutually agreeing to all requirements.

This proposal must receive a majority vote among the big league owners at the major league convention next week for ratification.

"We sincerely believe that this method will serve in the best interests of all concerned," said Commissioner Ford Frick, spokesman for the five-man executive council.

"The executive council is convinced that the advancement of eight clubs in a group is the only feasible way," Frick added. "A ten-club league is too impractical as it would leave two clubs idle most of the time, and a 12-club league is too unwieldy."

"For years certain territories have been clamoring for major league status. Now is their chance to follow up their words with action. You can't become a major league simply by saying you are. If these territories are sincere, and can meet the specifications, there will be nothing to stop their progress."

Chicago, Nov. 28 (AP)—Johnny Bratton, the perennial comebacker, and welterweight champion Kid Gavilan, the flashy Cuban, meet in a non-title ten rounder in Chicago stadium tonight. The bout, to be televised nationally (10 p.m. EST), is expected to attract fewer than 7,000 spectators with a gate of about \$25,000.

Gavilan dethroned Bratton in Madison Square Garden last May after the 24-year-old Chicago negro had worn the NBA welterweight crown 65 days. The champion will receive 30 percent of the net gate plus \$1,250 from television and radio proceeds and \$1,500 for expenses.

2 BULLETS ON ALL-SOUTHWEST SOCCER SQUAD

Two Gettysburg college soccer players were named to the all-southwest soccer team of the Middle Atlantic States Collegiate Athletic Conference at a meeting of the soccer coaches Tuesday evening at the SCA building on the Gettysburg college campus.

Franklin and Marshall garnered three posts on the mythical eleven with Delaware having two, and Johns Hopkins, Washington college, Drexel Tech and Bucknell each one. Western Maryland failed to gain a position.

The complete team named was: Goalie, Lentz, P. and M.; right fullback, Smith, Hopkins; left fullback, Kinter, Delaware; halfbacks, Royals, Gettysburg; Tiley, Washington; Wilkinson, Drexel; outside right, C. Yoder, P. and M.; inside right, Brooks, Bucknell; center forward, Heacock, Gettysburg; inside left, Santos, Delaware; and outside left, S. Yoder, P. and M.

Cites Great Power
Mr. Scott said the consumer public, the readers of newspapers and magazines, has a tremendous collective power, through consumer unions or individually.

"He exercises his prerogative in his choice of reading. He can write to the editor. He can buy or refuse to buy the merchandise advertised by the media. As he becomes more conscious of this power he will force out the bad editors and publishers and improve the quality of all communications, newspaper, magazine, movies or radio. If more people buy the good newspapers their influence will increase and lessen the danger of totalitarian control over communications."

EIGHT-PLAYER DEAL INVOLVES THREE TEAMS

By RALPH RODEN

New York, Nov. 28 (AP)—Baseball's hot stove league has begun to show signs of life now that college football season is nearly ended.

Those two live wire magnates, Frank Lane of the Chicago White Sox and Bill Veek of the St. Louis Browns, stirred up the fires in the battered stove yesterday with an eight-man deal.

The White Sox shipped first baseman Gordon Goldsberry, outfielder Jim Rivera, pitcher Dick Littlefield, catcher Gus Niarhos and infielder Joe DeMaestri to the Browns for catcher Sherm Lollar, pitcher Al Widmar and shortstop Tommy Upton. Later, the White Sox traded Upton to the Washington Senators for infielder Sam Dente.

Lollar, also sought by the Boston Red Sox, was the man the White Sox wanted most. Lane intimated that the hard-hitting Lollar would greatly boost Chicago's chances of improving on its fourth-place finish last season.

The Browns were happy to get Rivera, the Pacific Coast league's most valuable player. Rivera played for Brownie Manager Rogers Hornsby at Seattle last year.

St. Louis' acquisition of Rivera was not exactly a surprise. During the season it was rumored that Rivera was part of a deal that saw the Browns sell outfielder Ray Coleman to Chicago for the waiver price. The Sox had purchased Rivera from Seattle for spring delivery.

O'Doul Gets New Job
Others figuring in the baseball news yesterday included Lefty O'Doul, Marty Marion and Fred Saigh.

O'Doul, former National league batting champion, was signed to manage for San Diego of the Pacific Coast league. O'Doul, manager of San Francisco for the past 17 seasons, replaces former Detroit Tiger Manager Del Baker at the Padre helm.

Marion, released as manager of the St. Louis Cardinals this week, was considering player-coach offers from the Browns and Boston Braves.

The former star shortstop said he expected to make up his mind soon. Saigh, owner of the Cardinals, said the search for a new manager had narrowed to three men, two of them from outside the Cardinal organization. One of the prospects reportedly is Ed Stanky, second baseman of the New York Giants. The man in the organization is either Card Coach Terry Moore or Johnny Keane, manager of the Redbirds Columbus American Association team.

Mrs. Siegal played a piano accompaniment during the reading. The session ended with the repeating of the Soroptimist pledge.

Beam, pastor of the Methodist Episcopal church, preached the sermon, and was assisted by the Rev. Howard S. Fox and the Rev. Dwight F. Putman.

The collection, amounting to \$30.50, will be turned over to the Gettysburg civic nursing association.

3,000 See Maroons Lose Final Game: A bewildering assortment of fakes, reverses, passes and sweeping end runs gave Lebanon high school a 20-6 verdict over the Gettysburg high school gridders in their annual Thanksgiving day clash at Lebanon before a crowd estimated at 3,000.

Miss Frances Mumper Wed at Valley Forge: Miss Frances Elizabeth Mumper, daughter of Mr. and Mrs. Charles S. Mumper, and S. Clair Trostle, son of Mr. and Mrs. Charles D. F.M. Wins On Break By 2-0 Score: In the 39th annual renewal of the ancient football feud between Franklin and Marshall and Gettysburg colleges the Possums evened the count in victories scored by annexing a 2 to 0 win over the Bullets in the Turkey Day clash Thursday, on Williamson field, Lancaster.

The Gettysburg line was impregnable. The forward wall struck back at the charging tactics of their ancient rivals with a vengeance and spiritedly resisted any attempt to penetrate the forward wall for gains. It was the stubborn defense of the Gettysburg line that upset the erstwhile plunging backs of the Possums, Hardy was the heavy gainer for the Bullets.

The count between the two schools now stands at eighteen victories each with Franklin and Marshall scoring 412 points to the Bullets 378. Three games were tied.

Today's Talk

By GEORGE MATTHEW ADAMS
DO WHAT YOU CAN—HAPPILY

When we look out upon the great panorama of life we take note of the great who have so influenced mankind, and helped to make it a better world for all. But we are apt to think that our small efforts mean nothing—but it's the small efforts that lead to the big ones, and always have.

We must be inspired by the thought that we must do our best with what we have as endowment. Said the great Pasteur: "Whether our efforts are, or not, favored by life, let us be able to say, when we come near to the great goal, 'I have done what I could.'"

Among the great of this earth are the humblest—those who did the thing at hand, with joy and satisfaction. The simplest workman may become an artist in his own right, if he does his God-given best. He then establishes himself as an example, and there is a halo of influence about him. Do what you can—happily.

Abraham Lincoln once said: "I have been driven to my knees by the overwhelming conviction that I had nowhere else to go. My own wisdom, and that of all about me, seemed insufficient for the day." After all we must manage our own life as best we can, doing what we can, leaving the result to God's handling.

One of the most inspiring examples of a man doing the thing that he most wanted to do is that of Albert Schweitzer, who gave up a brilliant career in Europe as musician, philosopher, theologian and physician, to go to the jungle of Africa and establish a hospital that has brought endless good to a strange and primitive folk. Through that sacrificial work and through his writings, he has been acclaimed as "the greatest man in the world!" He himself, however, is one of the humblest of men.

Many of us may become discouraged and unhappy over the doing of what may appear to us, at times, as menial labor, but it all fits into the pattern of our lives, and all performance should have its own particular glow of hope and happiness. Even the doing of the difficult things.

Tomorrow Mr. Adams will talk on the subject: "Little Keepsakes Of Love."

Just Folks

THE RESTFUL MIND
He need not fret who does the right.
And clings to what is best,
For when he goes to bed at night
Untroubled he will rest.

There is with all ill-gotten gain
The ever present fear
That hidden it will not remain
And shame is drawing near.

Though some the moral code
may scorn,
At night they toss about
Knowing that there may come
the morn
When friends have found it
out.

They only know untroubled
sleep
And peace of mind at night
Who have no secret shame to
keep
Forever out of sight.

HONEST PUBLIC ONLY REMEDY TO END TAX "FIXES"

By JAMES MARLOW

Washington, Nov. 28 (AP)—One question keeps poking its head through the scandals in the Internal Revenue Bureau: How to prevent a repetition when this mess is finally cleaned up?

There's no single answer. The bureau's machinery for collecting taxes and checking to see that the arithmetic is right and no fraud is concealed is extremely complex.

This presumably will be improved. And the bureau will have to find some way of double-checking on one another, to keep crookedness to a minimum.

Always Conscience
But the best machinery can't change people. Some are crooks, inside the bureau and outside among the people who pay taxes and want to cheat and defraud.

Now and in the future any crookedness by a bureau employee will be impossible, no matter what kind of machinery is used, without connivance by a crooked taxpayer. The only foolproof remedy is complete honesty by the public.

An even with all the improvements being talked about, a lot of taxpayers will be able to get by with some loot since there still won't be enough employees to check every return thoroughly.

Six Have Quit
The commissioner of internal revenue is boss of the bureau's 55,000 employees. But you, as a taxpaying citizen, will rarely have dealings with him, directly.

When you file a return, you send it to the collector of internal revenue for your district. There are 64 district collectors, and all are political appointees.

This makes the collectors different from the bureau's other employees who are under the government's civil service system and therefore, theoretically at least, are making government work a career.

Since the scandals broke six of the collectors have quit or been fired

They'll Need Checking
There's been a strong cry: Take the inspectors out of politics; make it a law that only civil service people, coming up through the ranks, can get collectors' jobs.

And when Congress returns in January President Truman will formally recommend that. And Congress undoubtedly will carry out the idea. But that will be only a minor adjustment.

The collector, no matter how he's appointed, will need some checking since, so long as he has the power of doing pretty much as he pleases in his own office, he can still "fix" a case.

have him explain on the Senate floor his charges that he was offered patronage to support the dead income tax bill.

Haluska doggedly hewed to his stand that he will "gladly name names and places" under oath at a formal hearing, but not on the Senate floor.

Sen. John M. Walker (R-Allegheny), GOP floor leader, sought un-

successfully in a heated exchange with Haluska last night to force the Cambria senator to tell the Senate the nature of his charges.

Later, Walker told newsmen he would refer the matter to the GOP caucus today for any further action. He expressed doubt, however, that the caucus would carry the matter further.

"We gave Haluska a chance to

state his charges," Walker said. "If he feels he has something that should be told he ought to go to the state Justice Department and demand a grand jury investigation in the matter."

Walker tried in vain to force Haluska to describe the nature of his charges on the Senate floor. He read the Senate a newspaper account of a statement by Haluska

during the recent municipal election in Cambria county that he was offered a "bribe" of jobs and patronage if he would support Gov. John S. Fine's proposed state income tax.

FRUIT GROWERS ENDING THIRD DIFFICULT YEAR AS PRICES FALL

Adams county's fruit farmers are ending their third straight financially difficult season.

And this year's season promises to be the most disastrous of the lot.

Last year's apple season, while returning no profit, was balanced off by a good year in cherries and a fairly profitable year in peaches.

This year the cushion from other fruits to a large extent was not there to balance off the loss on apples.

Cherry Profits Off

The cherries which last year brought 11 cents a pound, this year went for eight—still a fair figure because of increased production this summer. But net profits declined with increases in the cost of producing the fruit.

Peaches last year brought as high as \$6 a bushel (a top figure for highest quality); this year the top was about \$4.

Skidding of apple prices to the lowest levels in years caused more apples to be wasted this year than in 30 years, according to some of the old timers in the fruit industry. Trees with but a bushel or two of

apples remained unpicked (or the most part, apples that fell stayed where they were in many orchards).

Dry weather which reduced the size of most of the apples, a fairly large crop—estimated at about 2,000,000 bushels in Adams county—and a large holdover from the previous year, all tended to depress the price of apples.

Fruit growers estimated the average price they received for their apples from processors variously from 40 cents to 60 cents per bushel.

"Took A Licking" On Apples
Apples sold on the fresh fruit market went little higher in comparison.

With apples costing \$1.16 a bushel on an average to produce in the orchard, most growers were willing to concede that they "took a licking" on their apple crop.

Larger quantities of apples were sold to the government than ever before from the county, but fruit growers adding up the cost of producing apples, the cost of new baskets, inspection, etc., said that the \$1.60 and \$1.80 figure offered was hardly enough for them to more than break even on the cost of preparing the apples for sale.

Orchards Being Cut

Last year, growers said, most averaged about \$1 a bushel for their apples, which they said was enough to break even according to last year's cost of production. This year costs crept higher they added.

This year's financial loss has led to the removal of many acres of apple trees, mostly trees that were becoming old and under present cir-

cumstances no longer profitable. Farmers reported removing 50-60-70 acre sections from their orchards. While no attempt was made to conduct a complete survey, the amounts reported by farmers contacted would indicate the possibility that more than 1,000 acres of trees have been removed, or farmers are planning to remove them.

Those who have recovered or are planning to remove trees said they had no intention of planting new trees, noting: "In anything else, if the crop proves unprofitable in one year you can plant something else next year. With apples you have to wait 10 years to get a crop and then if it is unprofitable you still have the trees."

The decline marks a continuation of the drop in apple acreage in Adams county. From 1945 to 1950 the acreage devoted to apples dropped from 18,178 to 15,935.

Tough On Some

During the same period the number of apple trees in the county dropped from 632,305 in 1945 to 408,735 in 1950, according to the census figures, while at the same time production of apples remained about the same.

While the number of trees in the county is declining, the crops should remain as large as ever for a number of years, according to the belief of growers and the census figures. Approximately 100,000 trees still not of bearing age will be coming into production to bolster the crop during the next few years. Most of them were planted during the war years which were highly

profitable to the apple growers.

What the third straight loss on apples will do to some fruit growers was a question that those interrogated refused to ponder. They expressed the feeling that, while most fruit growers would be able to continue with the hope of a better result next year, "some have their backs to wall now. We hesitate to think what may happen," one grower said.

"A Very Sick Business"

Some growers expressed the opinion that by spring the price of apples would be better. They pointed to wiped out apple sections in the west, a decline in the crop esti-

mated by 10,000,000 bushels throughout the nation, and other factors as the basis of their hope for better prices.

Whether better prices then would help all the fruit growers was another problem. Storage establishments reported that they have not been pressed for storage place, with most growers storing no more than usual amounts.

One grower expressed the thought that seemed in the minds of many: "You can say that apple production is a very sick business as of this moment."

OFFER SHORT COURSE

Registrations are now being accepted for the general farming short course at the Pennsylvania State college, A. L. Beam, director of short courses, announced. The course opens January 3 and continues to January 31. Prof. Beam points out. This course includes a wide selection of subjects, stressing those phases of instruction that have practical application on most Pennsylvania farms. Prof. Beam explained.

WARN AUTOISTS ON MAIL ORDER CRASH POLICIES

Deputy Insurance Commissioner Ralph H. Alexander has warned Pennsylvania motorists against buying automobile accident insurance by mail.

The caution came after large numbers of drivers received solicitations through the mails inviting them to join "the American Automobile Owners' Safety Association, Inc." of Kansas City and thus qualify to buy inexpensive accident coverage.

The association doesn't sell insurance; that is written by the Safety Drivers' Insurance Corporation, which is registered in Arizona. Alexander said the corporation was not authorized to do business in Pennsylvania.

Advice To Motorists

"We urge Pennsylvanians to buy from companies authorized in Pennsylvania and then only through properly authorized agents," he said. The letters of solicitation bore the signature of Maurice E. Benson, vice president of the American Automobile Owners' Safety Association, Inc.

"If you are a careful automobile driver who has not had an automobile accident in the past 12 months, you are invited to join our association and encourage safe driving," they said.

As a member, you will be entitled to apply through the association for an automobile owner's accident and health policy, with all of its benefits, issued by the Safety Drivers' Insurance Corporation.

The letter said that for \$5 the accident-less driver could get a six-month policy which would pay him \$50 a month for 24 months if he is incapacitated because of an automobile accident, \$300 for hospital expenses and \$2,500 for his beneficiary in event of accident death.

Penn State Wins Awards At Chicago

Chicago, Nov. 28 (AP)—Pennsylvania State College, competing again in the International Livestock Exposition after a 10 years absence, has won 31 awards with 26 sheep in the wether classes.

Penn State, which showed scores of championship sheep before dropping out of the show in 1941, exhibited the grand champion pen and he reserve champion individual wether this year.

Southdowns, the same breed which gave Penn State its last grand champion pen in 1940, carried the championship pen this year.

Besides the championship awards, Penn State's entries, shepherded by Carroll Shaffner, this year won: Wethers: First, second, sixth and fifth in Southdowns; first, second and fourth in Dorsets; second, third, fourth, seventh, eighth, tenth and 12th in Hampshires; third and eighth in Shropshires. In addition, second and fourth awards of Hampshire association specials went to these wethers: Pens: First and fifth in Southdowns; first in Dorsets; first in Cheviots; second and third in Hampshires; third in Shropshires. The Hampshire pen also won second in the Hampshire association special.

FEED SHORTAGE POSES PROBLEM

Harrisburg, Nov. 28 (AP)—Federal and state agricultural officials are seeking—so far in vain—to solve the feed shortage in northeastern states and particularly in Pennsylvania.

The northeastern area now consumes some two million tons more of feed concentrates per year than a decade ago but produces only about 600,000 tons more.

This means that the northeastern area, Pennsylvania included—imports feed from other regions.

There is a possibility the situation will lighten next year, though. The Federal Agriculture Department forecasters believe more cattle and calves will go to market in 1952 than this year. In 1951 livestock producers have been building up their herds rapidly.

Cattle slaughter, for example, has been at a 10-year low during the first 10 months of this year. They expect this slaughter rate to increase about 10 per cent next year.

Thus, an increase in slaughter will mean a slight decline in the pressure on feed supplies. But the decline may not be enough.

The solution, they believe, is to either increase production per acre, increase the number of acres devoted to feed growth or drastically cut back the number of head of livestock. In Pennsylvania and the remainder of the northeast, the increase in feed demands has been aimed at poultry stocks with livestock a close second.

Along with this 50 per cent rise in poultry feed, there has been a smaller increase in feed grain production in the northeast.

Offer Short Course In Fruit Growing

Cherry and plum production in Pennsylvania will be stressed in the fruit growing short course at the Pennsylvania State college, December 17 to 21. A. L. Beam, director of short courses, indicated. Each year problems associated with a particular fruit are stressed, Beam explained.

This year's short course covers propagation, varieties, planting,

cover crops, fertilizers, pruning, disease and insect control, thinning, harvesting, packing, marketing and processing. In addition, individual problems raised by the growers themselves, will be considered on the last day of the short course, Beam said.

FARM CALENDAR

Crops Need Nutrients—In addition to nitrogen, phosphorus, potassium, calcium and magnesium, most vegetable crops require small amounts of other nutrients. Robert Fletcher, vegetable extension specialist of the Pennsylvania State college, says that boron and manganese are two of these minor elements. Iron, copper and zinc are others.

Get More Pigs—Any farmer can get sows to produce seven or more pigs per litter, believes L. C. Madison, extension livestock specialist of the Pennsylvania State college. Select gilts and boars from large litters. Be sure the animals are in good health. Practice good feeding and management of the sows and the pigs.

Produce Hatching Eggs—If you want to sell hatching eggs, you must start with a strain of chickens from which the hatcheryman wants eggs. H. H. Kauffman, extension poultry specialist of the Pennsylvania State college, says that it costs more per hen to produce high-quality hatching eggs than to produce market eggs.

Talent Festival Planned—"Song of the Seasons" is the title of the Talent Festival to be presented at the Pennsylvania Farm Show in Harrisburg Tuesday evening, January 15. W. R. Gordon, Penn State extension rural sociologist, is author and director.

Check Heating System—For safety, convenience and economy be sure that the heating system is in good repair and working well, reminds C. G. Burress, Penn State extension agricultural engineer. A thorough checkup will indicate what is needed.

Feed Costs High—Feed represents between 50 and 60 percent of the total cost of rearing pullets or producing eggs, and about 70 percent of the cost of producing broilers,

reminds Fritz Leuschner, extension poultry specialist of the Pennsylvania State college. Use good management of the flock and avoid waste.

More Turkey to Eat

You should not have to worry about getting a turkey for Christmas. Kermit Birth, Penn State extension agricultural economist, reports that the crop for the country is the largest on record, 52,000,000 birds. Pennsylvania growers have produced 1,650,000, which is a new record and seven percent above last year's crop.

Plan Farm Finances

In making a financial plan for the farm, Earle Moffitt, Penn State extension farm management specialist, lists payments on the farm mortgage, an educational fund, future security, insurance of all kinds, reserves for repairs and new equipment, and a savings account.

Cows Need Roughage

Feeding of hay at least three times a day to dairy cows at this season of the year is recommended by John Wheeler, Penn State extension dairy specialist. He reminds also that corn and grass silage can be an excellent supplement to high-quality hay.

Protect Pork Quality

Rapid chilling of the pork carcass is important to prevent spoilage, says Thomas King, Penn State extension livestock specialist. He suggests butchering on a cold afternoon and allowing the carcass to hang overnight for chilling.

Fewer Farm Workers

There were 350,000 fewer farm workers in the United States on October 1 than a year earlier, reports Kenneth Hood, Penn State extension agricultural economist.

Property Transfers

Harris G. and Helen M. Schlosser, East Berlin, sold to Coit E. and Mildred M. Eisenhart, same place, a property in that borough.

Leo W. Strausbaugh, Milton W. Wingert and Elmer M. Bigham, trustees of the congregation of the Brethren in Christ church of Iron Springs, sold to Anthony C. Tierno, New York city, for \$1,850, two tracts of land in Hamilton township.

Bertha S. Spahr, Raymond Weikert Spahr, Jeanne Spahr and Glenn L. Harner, all of Gettysburg and all heirs of Raymond W. Spahr, and Grace L. and Joseph E. Codori, Gettysburg, sold to Lewis H. Spahr, Gettysburg, a property on the north side of York street.

Philip and Nellie Miller, Cumberland township, sold to Joseph S. and Jewel C. Andrews, Irwin R. 2, a 102-acre property in Mt. Pleasant township.

John P. and Neva L. Welmer, Cumberland township, sold to William J. and Ellen V. McClellan, Gettysburg, a 22-acre property in Cumberland township.

John H. and Mary H. Slusser, Butler township, sold to Charles H. and Minnie E. Cashman, Biglerville R. 1, a property in Butler township.

Arthur P. and Christine R. Kelley, Berwick township, sold to Harry L. and Grace E. Luckenbaugh, New Oxford, a property in Hamilton township.

Samuel M. and Laura J. Keagy, Littlestown, sold to Guy G. and Eunice E. Smith, Littlestown, a lot in Union township.

P. Harry and Cora V. Bowman, Conewago township, sold to Ralph

A. Myers, Hanover, a property in Conewago township.

Rome, Nov. 28 (AP)—The United States and Belgium introduced separate resolutions to the North Atlantic council Tuesday designed to speed up establishment of a European army.

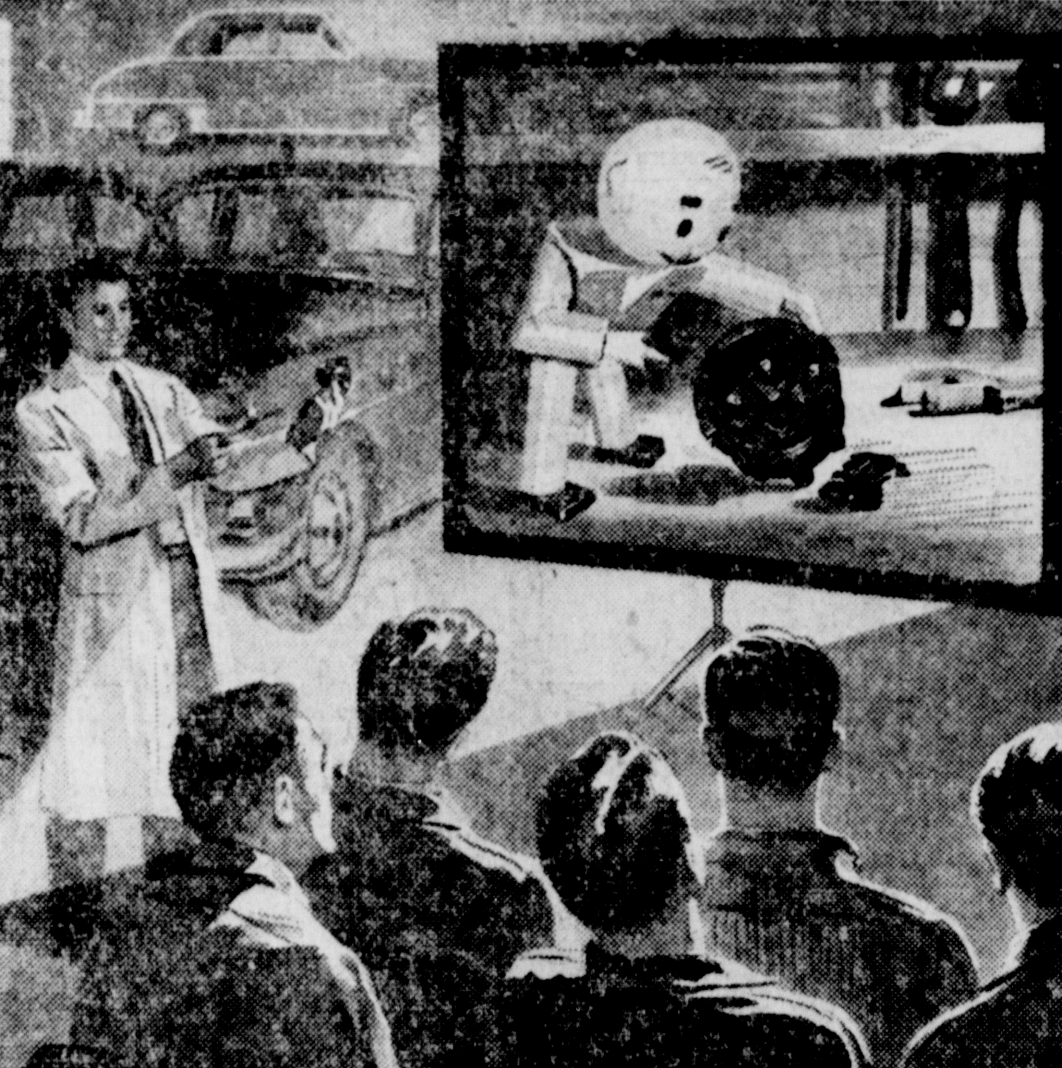

Both resolutions were quickly referred to the NATO deputies, who will try to combine them into one plan to put before the council tomorrow. The council chairman, External Affairs Minister Lester B. Pearson of Canada, said he thought the "margin between (the two plans) was not very great."

New York, Nov. 28 (AP)—Texas oil man Glenn McCarthy said Tuesday he was confident Egypt would authorize him to undertake a multi-million dollar development of its oil resources.

McCarthy flew here by plane from Egypt where he negotiated with officials of that country to buy a controlling interest in the National Petroleum Company of Egypt.

When it comes to SERVICE

PLYMOUTH IS THE CAR WITH MORE DEALERS, MORE TRAINED SERVICE-MEN, THAN ANY OTHER MAKE !

Professor "Tech," film character familiar to Plymouth servicemen, points out the newest and best service procedure. The latest educational aids, along with manuals, demonstrations, and practical "laboratory work" in the shop, are combined in a continuing "postgraduate" course. This unique, specialized training is one of the big reasons why forward-looking servicemen prefer to work for Plymouth dealers.

To many people, the kind of service that's behind a car is important. Before buying, they wisely ask: "Where can I get service if I need it?"

Plymouth Dealers Are Everywhere

It makes no difference where you live, there's an expertly trained Plymouth serviceman near you. With over 10,500 Plymouth dealers — far more than for any other make of car—you'll find a Plymouth dealer in or near every community in the nation.

70,000 Master Technicians

Plymouth owners have available not only the most, but the best, service. Nearly 70,000 Plymouth servicemen are members of the Master Technicians Service Conference, the largest program of its kind in the world. In operation for more than 4 years, this is a continuing "postgraduate" course in the most accurate, surest ways of diagnosing mechanical difficulties . . . the newest, best service methods.

The Right Service at the Right Time

Plymouth Master Technicians are the kind of servicemen who can diagnose the complaint right off—without costly, time-wasting guesswork and experimenting. Then they work to factory-approved standards, with factory-engineered parts. Result: The job is done properly. The Plymouth car is built to last — to give you fine and dependable transportation at low cost. But when your Plymouth does need a checkup, minor adjustment, or repair, it's good to know that this fine service is always near you. It's part of the satisfaction, the sense of extra value, that you get when you buy a Plymouth.

It was decided that retail stores will close at 6 p.m. Monday evening, December 24. A post card poll will be conducted among the members to decide whether stores will close all day Monday, December 31, the day before New Year's, thus making a three-day holiday, Sunday, Monday and Tuesday.

The following committee was appointed for February promotion: Mrs. Glenn Guise, chairman; Mrs. John L. Bower, Irving Blier, J. Herbert Raymond and W. R. Schwartz. They will report at the special meeting January 7.

11 NAVY MEN DIE IN PLANE CRASH

San Diego, Calif., Nov. 28 (AP) — A navy PBM (Martin Mariner) sea-plane plunged into the ocean seven miles west of here yesterday, carrying 11 airmen to their death. It was San Diego's worst military plane disaster in a decade.

In another southern California plane crash, a B-29 bomber burst into flames near March air base, but its 13-man crew parachuted to safety.

An eyewitness to the PBM crash said the plane, a two-engine craft, plunged straight downward, hitting the water with a terrific splash.

The navy said the plane, attached to fleet air wing 14, on a routine training flight from the San Diego naval air station, broke into pieces when it struck. It did not burn, but soon sank. Cause of the crash was not immediately determined.

Three officers and eight enlisted men were aboard. Their names were withheld by the navy pending notification of the next of kin. Four bodies were recovered. Search for additional victims will be continued today by navy and coast guard air-sea rescue craft.

Acceptance By Teeter
Daniel E. Teeter, borough solicitor, will make the acceptance and appreciation speech, in behalf of the borough. A march by the high school band will precede the closing remarks by Arthur E. Bair and the benediction by the Rev. G. Howard Koons, president of the Littlestown Ministerium.

LOCAL TALENT IN LEGION COMEDY

The comedy success, "Crazy Daze," is to be presented in Littlestown under the sponsorship of the Ocker-Snyder Post No. 321, American Legion. The production will be staged in the Littlestown high school auditorium on Thursday and Friday, December 6 and 7, for the benefit of the Community Ambulance fund.

"Crazy Daze" is a gay comedy account of the hilarious experience of a man who finds himself ruled by the women of his family. Herbert Williams is a typical American dad, but finds himself frustrated at every turn. Of course, the woman finally turns, and that provides the fun. There will be tuneful music, interesting and colorful dancing choruses with all local talent.

Civic and business leaders will participate in the show. The post is making arrangements to enter "Crazy Daze" characters in the road opening parade on Saturday.

There will also be a "Tiny Tot

Contest" for King and Queen of Tiny Tots, details of which will be announced later.

This play will give the people of the vicinity its first local talent production of the kind in many years.

and addresses of the boys of St. Paul's congregation who are in the service. These names may be given to Mrs. Maurice Warehime, secretary, Crouse Park, or to any member of the class.

The members of the consistory of Christ Evangelical and Reformed church will meet Thursday evening at the home of Harry C. Wildasin, East King street, to arrange for the distribution of the church envelopes.

President Of Littlestown C.C. Invites Public To Road Fete

Littlestown on Saturday afternoon will celebrate the opening of the new highway through the center of the town with a parade and other features.

Today Marvin F. Breighner, president of the Littlestown Chamber of Commerce, issued an invitation to all residents of Adams county as well as those of Littlestown and vicinity to take part in this celebration.

"All of us here in Littlestown realize the great inconvenience that was placed on the people of the community and the surrounding area while the new road was being built," President Breighner said.

"However, now we have a fine new road, one we can all well be proud of, and one again we can travel in and through town without encountering any of the difficulties which beset us before and during the re-construction.

"To show our appreciation to those who have made this road possible, we of the Littlestown Chamber of Commerce have arranged a dedication ceremony and parade for this coming Saturday afternoon at 3 o'clock. I would like to take this opportunity to invite you to participate in this gala occasion."

Several Committees Planned Ceremonies

Committees of the Littlestown Chamber of Commerce in charge of the dedication and opening ceremonies of the new road on North and South Queen street scheduled Saturday afternoon are: Program, Arthur E. Bair, chairman, Wilbur A. Bankert, J. Arthur Boyd and Paul E. King; parade, John Bloom, chairman, W. E. Mackley, John D.

CONTRACT WAS FOR \$188,198

The contract price for the new highway on North and South Queen street through Littlestown was \$188,198, and the contractor was Rife, Inc., with Dewey Collins project engineer for the Pennsylvania Department of Highways.

The new street has a ten-inch stone base covered with two and a quarter inches of amesite. New curbs were placed the entire length of the

street for a distance of 5,139 feet. The street has a width of 38 feet between the curbs.

The job required the excavation of 13,906 yards of material. Both sides of the bridge at the south end of town were widened, as was the sidewalk. Ninety working days were allowed for the project and it is

well ahead of schedule. Legislative route No. 61029 was used as a detour during the construction of the new street from the Hanover road, Route 194, to the Westminster road, Route 140. The street was open for one-way traffic however during most of the construction period.

Mrs. Kammerer reported on the Thank-offering received Sunday, and the members then presented their Thank-offerings. A guess package, presented by Mrs. George Shaffer, was awarded

to Mrs. L. Robert Snyder. The next meeting will be on January 1, 1952, at the parsonage, at which time there will be an exchange of 50-cent gifts. Election of officers will also be held. Two contests were conducted after which refreshments were served by the hostess, Mrs. Mahlon Bucher.

MANY TOUGH PROBLEMS YET AHEAD IN KOREA

By HAL BOYLE
New York (AP)—Signing of a cease-fire line agreement in Korea is only

of the church.

The Young Married Men's Sunday school class of St. Mary's Reformed church, Silver Run, held its November meeting on Monday evening at the home of Cyril Groff, Union Mills. The program was in charge of Merwyn Dutterer, and consisted of songs and readings. The business meeting was in charge of the president, Cyril Groff. The next meeting will be the Christmas banquet which will be held on December 17 at Frock's, near Westminster, and the speaker will be Sherman Managan, Westminster. The January meeting will be held at the home of Stanley Dutterer, Prizellburg. The meeting adjourned and refreshments were served to 13 members.

The VFW Drum and Bugle Corps will meet at the post home on Saturday at 2:30 p.m., preparatory to entering the parade.

Girl Scout Troop No. 15 will meet at the home of the troop leader, Mrs. Carroll Arter, West King street, at 6:15 p.m. on Thursday.

a step toward an armistice. There still remain some vexing problems to be solved before there is any real hope for a truce-peace in that uneasy peninsula.

A top problem, of course, is the task of getting the enemy to agree to let joint Allied-Communist teams travel freely to all parts of Korea to see that armistice terms are carried out fully. The Reds, for reasons of their own, are notoriously reluctant to permit outsiders into their territory.

That stubborn "fear of the foreigner" may be the rock upon which armistice negotiations still will founder. But it is hard to see how the Allies can withdraw from their position. They cannot blindly agree to a pact in the enforcing of which they have no share.

Prisoner Exchange Tough
Another thorny issue is the problem of prisoner exchange. It has many facets.

For one thing, the return of Allied prisoners of war will reveal the full toll of Red atrocities among the captives. Nearly 11,000 Americans are listed as missing in action. The fact must be faced that only a fraction of these men remain alive, probably fewer than half.

The same uncertainty covers the fate of the other U.N. missing, including many, many thousands of South Korean soldiers.

On the other hand, the Allies hold 160,000 prisoners on the island of Koje off Korea. The figure includes

18,000 Chinese and 40,000 North and South Korean civilians considered dangerous.

What Awaits Them?

Despite this ratio, the Reds are sure to press for a straight exchange of all prisoners. They will want all their own people back, just as they did in Europe after the last world war.

But what will they do with them when they get them back?

A large number of the prisoners are deserters and defectors from the Chinese and North Korean armies. The Allies dropped millions of leaflets urging them to throw down their arms and come through the U.N. lines. Thousands of men did so.

What will happen to them if they are now handed back to the Reds? Some American army officers believe they will be put to death at once as traitors to the Communist cause.

Would Like To Stay

An American instructor at the Koje camp said recently:

"The average (Red) prisoner does not know why he was fighting. Most of the Chinese would like to go to Formosa to join the Nationalist forces, which in most cases they originally belonged to. With the exception of the few hard-core North Korean Communist officers, the average North Korean soldier would prefer to stay south of the 38th

Expect Blind Boy To Die Before Xmas

Vancouver, Wash., Nov. 28 (AP)—Dean Ault, the blond little boy whose parents weighed the question of blindness or death for him two years ago, now faces only death.

Doctors do not expect him to live until Christmas, Dean's father, Jack L. Ault, said.

Dean's tragic plight and the dilemma faced by the parents brought letters and offers of aid from all over the world.

At that time the boy's right eye had been removed and the cancerous growth that claimed it had set to work on his left eye. Doctors said that unless the remaining eye was removed the cancer would spread to the optic nerve and eventually to the brain. But even if the eye were removed, they said, they could give no assurance that the cancer would be

Parallel."

Will the U.N. negotiators compel these men to return to the bitter revenge of their Communist leaders? Or will each prisoner be given his choice of going or staying?

There is a moral problem involved in the decision. And there is also a military problem. As one officer put it: "If we force these deserters to go back, it won't look good to any future possible defectors."

arrested. Ault, 34, and his wife, Jacqueline, 30, withheld a decision and consulted a series of eye specialists.

It was futile. Last month Dean's left eye was removed. But the cancerous growth had gone too far to be halted.

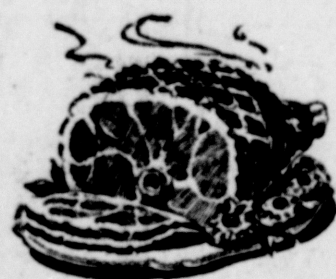

"I don't think we made a mistake," Ault said sadly. "The doctors don't know whether an earlier operation

would have saved him. Now all we can do is wait. I guess it won't be long."
